On the road to the market

Language Corner

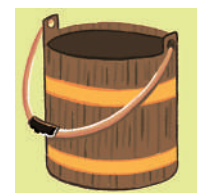

milkmaid:

a woman whose job is to get milk from cows

head off:

to leave a place

pail:

5 "Great! The clothes are so cheap! After I sell the milk and get some money, I can buy them!" thought Dorothy cheerfully.

10 It was time to head off to the market. Dorothy filled a pail with milk, placed the pail on her head and left the farm. While she was walking slowly along the road, she thought about what to buy.

15 "Let me buy a flowered blouse, a white skirt and a dotted coat. I think I will look lovely in them!" thought Dorothy.

20 She spotted a chicken on the road. "Ha ha ... I think I can get a lot of money with a chicken," she said to herself excitedly. "After I

sell the milk, I will use the money to buy a chicken. When the chicken lays eggs, I can sell both the milk and the eggs. Then, I can earn a lot of money!"

Dorothy was so excited. She started to walk faster. "I will spend a lot of money on nice clothes. Then I will look like a princess!" said Dorothy.

"Oh! I can't wait to get to the market and get my

money today!" exclaimed Dorothy. She started skipping down the road but she forgot about the pail on her head! Suddenly, the pail fell off. There was milk everywhere.

"Oh no! Now I don't have money to buy anything!" Dorothy screamed loudly.
